## SITUATION SUMMARY

### Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

#### Verizon Wireless Statewide Outage

The California State Warning Center was contacted at 1354 hours from Sonoma County Deputy Director of Emergency Management advising he was receiving 911 outage messages from PSAP. Secondary PSAP were getting messages of an actual 911 wireless outage.

- Multiple Agencies and customers have been affected
- 911 is still operational however unable to call back for 911 hang-ups from cell phones.
- CUEA has been in contact with Verizon. They stated "that this is a large situation that is affecting the West, we are aware of it and are doing everything possible to overcome the situation ASAP"
- Updates will be provided as they come in for this incident.

#### Per Cal OES Emergency Communications

- Outage due to a fiber issue that caused a widespread outage across the west coast.
- Issue has been resolved and service should be back to normal.
  - If issues are still occurring, restarting the phone should resolve the problem.

#### Cal OES INLAND REGION

- Nothing significant to report.

#### Cal OES COASTAL REGION

- Nothing significant to report.

#### Cal OES SOUTHERN REGION

- Nothing significant to report.

# **COVID-19 SUMMARY**

## **Coronavirus Disease 2019 (COVID-19)**

On 03/02/20 at 0700 hours, the Cal OES State Operations Center (SOC) activated in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

## **SMARTER Plan**

On 02/17/22, Governor Newsom unveiled the "[California SMARTER Plan: The Next Phase of California's COVID-19 Response](#)". The plan emphasizes continued readiness, awareness and flexibility and helps ensure California can maintain its focus on communities that continue to be disproportionately impacted and stay prepared to swiftly and effectively respond to emerging COVID-19 variants and changing conditions.

## **CDPH Statewide Travel Advisory**

- For more information: [CDC Travel Guidelines](#)

## **Confirmed California COVID-19 Cases - Per California Department of Public Health Tracking COVID-19 as of 04/20/22 at 1630 hours:**

- 8,550,657 total confirmed cases.
  - +13,714 Delta
- 89,054 total deaths.
  - +147 Delta
- Please see the most recent "Situation Report - COVID-19" attachment for additional details.

Severe Impacts

# **WEATHER KEY POINTS**

**04/22/22 - 04/28/22**

## **Friday**

- Periods of lower elevation rain showers, and mountain snow showers will persist through the day on Friday, though most precipitation will be much lighter than that seen on Thursday
  - Snow levels will hold around 4500 to 5500 feet through Friday
  - Additional snowfall of 2 to 4 inches is forecast for most of the Sierra, with much lighter amounts across far northern California and little to no snow across the southern California mountains
- Strong south to southwest winds will also continue across the southern Sierra, Transverse Ranges, and much of Southern California through Friday night, with gusts of 30 to locally 50+ mph
  - These winds will produce some areas of blowing and drifting snow across the Sierra
  - Areas of blowing dust are also possible across the southern deserts

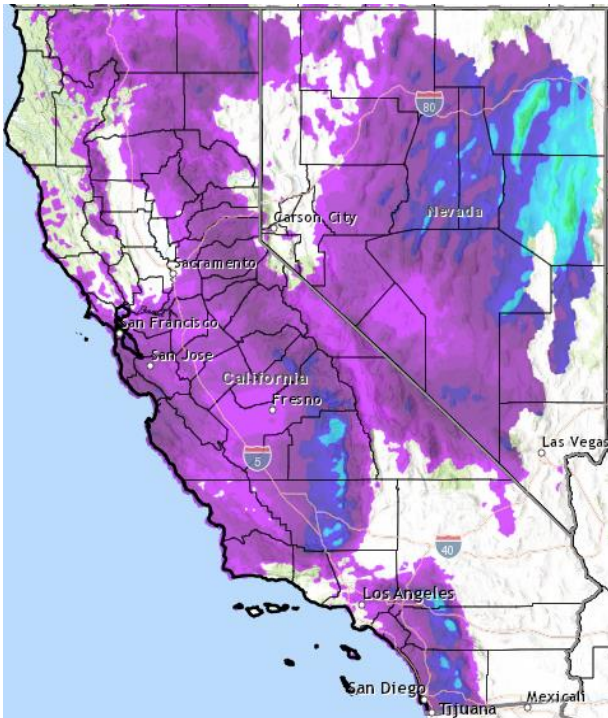

## **Saturday - Thursday**

- A warming and drying trend is expected for the weekend and into at least the first half of next week, with very warm temperatures expected for the southern deserts by midweek as readings approach 100 degrees.
- Some additional periods of gusty conditions are also expected at times through next week, though with no widespread impacts currently expected

# PRECIPITATION FORECAST

04/22/22 - 04/24/22

Friday

Saturday

Sunday

**Note:** Forecast precipitation amounts are an average for any particular location. Thunderstorms may produce locally higher rainfall amounts.

**Precipitation (inches)**

# **WEATHER OUTLOOK**

**04/27/22 - 05/05/22**

## **6-10 Day Outlook (April 27 - May 1)**

### **Temperatures**

- Below normal temperatures are favored over northern and central California, with above normal temperatures slightly favored across far southern California

### **Precipitation**

- Near normal precipitation is favored for the majority of the state

## **8-14 Day Outlook (April 29 – May 5)**

### **Temperatures**

- Below normal temperatures are slightly favored across far northern California, with above normal temperatures slightly favored over much of southern California

### **Precipitation**

- Near normal precipitation is favored across much of northern California, with below normal precipitation favored across the south

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Enforcement Missions

- **2022-LAW-77854, 4/18/22, 1300 Hrs:** The IERCC contacted CalOES regarding an InReach Activation in Inyo County, 36.563895, -118.275418. The coordinates plot to an area called "The Chute" on Mt. Whitney. The device owner indicated that she was "Ok" but was messaging on behalf of a third party, not in her group, that there was a deceased at this location. LDO contacted Inyo County Sheriff and provided them with the mission details. At 1700 Hrs., Inyo County advised that the weather would not permit helicopter insertions for recovery operations. Additionally, Inyo Sheriff's Office was able to personally make contact with the device owner and learned that she had not actually seen the deceased subject herself, but instead was reporting on behalf of someone else on the trail that had. Those subjects were not identified nor available for confirmation. Inyo indicated that they would continue to investigate and respond as able. No request for aid from CalOES. **Update 4/19/22** Inyo County was able to confirm there was a presumed deceased person near this location and was scheduling a recovery mission hopefully tomorrow morning if the weather cooperates. High winds and icy conditions are making the recovery maneuvers difficult. **Update 4/20/22, 1630 Hrs:** CHP's H80 has made several attempts to get in at this location but have been unable to do so due to weather conditions. Inyo Sheriff will continue to coordinate the recovery operation as weather permits: **Mission On-Going**
- **2022-LAW-77923 4/22/22, 0649 Hrs:** CSWC notified LDO of request by Sacramento Sheriff SAR coordinator for two trailing dogs for search for missing/at-risk person last seen at 0200 hrs. One K-9 from Sacramento SAR on scene. CARDA contacted and second K-9 responding. SSD SAR using SAR channel 16, TDO notified. **Mission On-Going**
- **2022-LAW-77913 4/22/22, 0225 Hrs:** The IERCC contacted CSWC regarding Iridium Satphone call for medical emergency, 67 year old male with chest pains at 35.241333 -115.299716 which resolves to the Mojave National Preserve in San Bernardino County. IERCC advised that the R/P was connected with San Bernardino Sheriff/Fire EMS dispatch. Update: 0314 hrs. San Bernardino Comms advised EMS en route and SO 3 minute ETA. Update: 0410 hrs. Per SBSO desert comms, the 67 year old male had expired. **Mission Closed**

# Cal OES MISSION TASKINGS

## Cal OES Missions

- **Pending Mission Number (COMT Class):** April 4th – April 8th Communications Technicians (COMT ) Course Santa Maria, MIGU 1 and Comm C attending. (Demobed 04/08/22)
- **2021-TACCOM-061621 (OCFA Testing):** Sonim Kit HQ3 assigned to OCFA, to test Android phones with ATAK for fire season. ETA Return is 05/21/22. COMC monitoring. Contacted Assignee will advise on exact date of return for the resource.
- **2022-LAW-77223 (Stagecoach/Coachella):** Assisting CA ABC Officers with Communications at the large music events of Stagecoach April 29th - May 1<sup>st</sup> and Coachella April 15-17 & 22-24, 2022. Request 50 Sonim phones. MAR-6 COMC.
